

David Alt, P. Eng
Director, Infrastructure Advisory, KPMG

David has over 20 years of experience in delivery of large, complex projects on a global basis. His experience is with both EPC companies and owner/operator organizations to ensure the best projects are behind undertaken and sound capital program controls are in place. David has managed both individual projects and multi-project programs, and has overcome the challenges of delivering safe, quality projects on time and on budget. David has worked for international clients including PETRONAS, SASOL, Dupont, ICI Polyester, BHP Billiton, Irving Oil and BASF in Asia, Europe and North America.
