

Ted Croft – Bio

Ted has been active in the metals manufacturing industries during the last forty years. Twenty-eight of those years has been as owner/partner and founder of Pyrotek Aerospace Ltd., a metals processing house in Abbotsford, BC. The company has OEM approvals from Boeing and Longview Aviation group. Pyrotek does business across Canada and throughout Washington state. Ted is also a co-founder of Anotek Anodizing Inc. located in Pitt Meadows, BC.

Ted has served in BC aerospace as a director with AIABC during the 90's and as a director on the PNAA (Pacific Northwest Aerospace Alliance) in WA. State. Two of those years was as PNAA Chair. He is active in AIAC Pacific and very passionate about developing our BC Aerospace manufacturing business.
