

## **Kevin Lemke**

General Manager

SkyAlyne

Kevin joined the Armed Forces in 1983 and is a graduate of the Royal Military College of Canada (Mechanical Engineering, Class of 1987) and the Georgia Institute of Technology (Masters of Science in Material Engineering, Class of 1993). He served in the Royal Canadian Air Force for more than 20 years where he completed operational tours as an Aerospace Engineering Officer, including service as the Lead Engineer for Failure Analysis, and as the CC130 fleet Aircraft Engineering Officer.

After his military career, Kevin began as a Project Manager at Cascade Aerospace, and was later promoted to Director of Maintenance and Engineering at Heli-One, and Vice President of Production at IMP Aerospace. Most recently, Kevin returned to Cascade Aerospace and held the role of Executive Vice President and Chief Operating Officer. Kevin was named General Manager of SkyAlyne in April 2024.

Originally a native of Longueuil, Québec, today Kevin is Ottawa-based. He has had the good fortune to have called six provinces “home” throughout his career. Together with his wife Linda, Kevin has three adult children.
